VHP 032722

ATTENTION WWII, VIETNAM, IRAQ, AFGHANISTAN & GULF WAR VETERANS!

We are looking for Veterans to share their story in our ***Interview with Heroes – Our Veterans*** project. For this project, local high school sophomores, juniors and seniors will interview our veterans. The interview will be video recorded and sent to the Library of Congress in Washington D.C. There, the veteran's story will be cataloged, placed on a website page, and preserved indefinitely. The veteran's story will be accessible for future generations. Our project is part of the Veterans History Project (VHP), a Federally funded program.

All students are mentored and trained and throughout the process by museum team administrators. Interviews will take place primarily at the St. Charles County Veterans Museum. The interview will take approximately 90 minutes.

Sign up is Easy:
